Short Description

Exquisite Heisey Cocktail Shaker...Classic !

Description

The Heisey Glass Company of Newark, Ohio with their designer Carl Cobel patented this design for a cocktail shaker (that became known as the "Cobel Cocktail Shaker") in 1932 and continued production until 1957.

Stunning in its graceful simplicity, this vintage art deco crystal cocktail shaker is in Heisey's Maryland pattern.

The clarity that comes from all glass makes it perfect for pure, untainted Martinis.

Beautiful cross hatch design around the body of the shaker.

Features 2 part all glass top of removable pour spout cover and strainer.

11 1/2" tall.
