Short Description

Moser Green & Gold Cocktail Shaker.

Description

Moser Green Gold Cocktail Shaker Moser glass is usually decorated with heavy enameling in gold and bright colors. I believe this Cocktail Shaker to be from Moser Glassworks, Carlsbad in Western Bohemia and dating from the 1920's/1930's. It is **not** signed (that I can see). This art glass Cocktail Shaker is an elegant, emerald green with gold gilding and enamel flowers. It measures 9 1/2" tall. It is in very good condition with a few chips to the enamel, light signs of age to the brass lid with one hairline to the brass collar underneath the 2 piece metal top. Strainer is in place beneath pour spout cover.. No cracks or chips to the glass
